# Dr. Imran Yousuf - Chairman Message

It is with gratitude and a strong sense of responsibility that I present this message on behalf of Transformation International Society and its key initiatives (**Transformation Children Rehab Center & Digitech Transformation**).

For over **three decades**, Transformation International Society has remained committed to serving humanity through compassion, innovation, & sustainable development. Our work is guided by the belief that meaningful progress is achieved when individuals are empowered with care, knowledge, and opportunity.

At **Transformation Children Rehab Center**, we continue to support neurodiverse and vulnerable children through **Absolutely FREE** holistic rehabilitation, therapy, and family-centered care, ensuring dignity, inclusion, and long-term well-being.

Through **Digitech Transformation**, we focus on preparing youth for the future workforce by delivering industry-relevant digital and technology-driven skills Certificate Courses Program.

Our investment in state of the **art labs, international accreditation, & industry partnerships** reflects our commitment to quality, relevance, & employability.

We remain steadfast in our values of integrity, excellence, & accountability, committing only to what we can responsibly deliver.

I extend my sincere appreciation to our **teams, partners, donors** and communities whose trust and dedication make our mission possible.

As we move forward, Transformation International Society will continue **Transforming lives** through purposeful innovation, ethical leadership, & inclusive development.

## HIGHLIGHTS

**Consultation given to 10,000+ Patients**

**Consultation given to 3000+ Children**

**Enrolled 250+ Neurodiverse Children**

# About us:

## ***Transformation Children Rehab Center (TCRC):***

Pakistan's first and only cashless counter based most advanced rehab center with 8 therapists to 1 child ratio, caters children for Neuro Developmental and Chromosomal Disorders such as Autism Spectrum Disorder (ASD), ADD, ADHD, Intellectual and Physical Disability, Global Development Delay, Cerebral Palsy, Down syndrome and learning disabilities.

## ***Transformation Digital Career Center (TDCC):***

Empowering Neurodiverse Learners

A career-focused training in visual programming for learners with disabilities. This program uses visual programming tools like Octostudio, Scratch, and STEM robotics, developed by the MIT Media Lab's Lifelong Kindergarten group to teach children, teenagers, and young adults on the autism spectrum how to use these tools to create interactive games and stories.

The program will teach skills that are in high demand and are directly applicable to career opportunities.

## ***Transformation International Wellness Clinics (TIWC):***

The Multidisciplinary Mental Health Care System where the experts i.e. Consultant Psychiatrists, Consultant Neurologists, Clinical Psychologists, Clinical Hypnotherapists, Speech Therapist, Occupation Therapist, Behavior therapist, Physiotherapist, Remedial therapist and special need educationists together with Live Brain Mapping such as Quantitative Electroencephalography (qEEG), Transcranial Magnetic Stimulation therapy are brought under one roof for the first time in the history of Pakistan to truly meet all mental health needs of the individuals.
